

Microbial Bird Dropping Cleaner

ADVANCED PROBIOTIC TECHNOLOGY
Microbial/Enzymatic Bird Dropping Cleaner

- Evo Blend Microbial Bird Dropping Cleaner's formulation helps break down and remove the solid sludge build-up of bird droppings in a safe and effective manner on hard nonporous surfaces.
- Evo Blend Microbial Bird Dropping Cleaner is made up of non-harmful surfactants and probiotic microbes. These probiotic microbes are bred to be especially effective on urine and fecal material.
- Evo Blend Microbial Bird Dropping Cleaner is a concentrated neutral pH cleaner that can be used on non-porous surfaces including wood, rubber and metal surfaces.

How To Use

For Pump Up Sprayers: Use a dilution ranging from 2:1 to 5:1 (2 - 5 parts water to 1 part Microbial Bird Dropping Cleaner). Apply liberally on bird droppings, and let soak for 5 minutes. Rinse with a hose or power washer.

For Power Washers: Use a dilution of 10:1 to 20:1. Apply while using the power washer. Rinse with plain water when done.

NOTE: The microbes being used in Evo Blend formulations are probiotic microbes and non-pathogenic.
